

SENATORS TO MEET SEPARATELY ON PEACE TREATY TUESDAY

WASHINGTON, Aug. 15.—The peace treaty and the league of nations will be discussed by President Wilson and senate foreign relations committee members at the White House next Tuesday. Publicity will be given to discussion under an assurance conveyed to Chairman Lodge today by the president.

Responding to the committee's desire that no hint of secrecy or confidence be placed on the conference, the president wrote Senator Lodge that he was heartily in favor of letting the people of the country know everything that transpired. It was considered unlikely that the public would be admitted, but White House officials and members of the committee declared they would go to great lengths to have details of the conversation made known.

Tuesday was set for the conference by the president after Senator Lodge had requested that no earlier date be selected because of the absence of

some committee members from Washington.

Today the committee was prepared to make another effort to begin the task of considering amendments and reservations to the treaty. This subject was to have been taken up yesterday, but the entire session was occupied with discussion of the meeting with the president and the calling of new witnesses. Five were summoned, and the committee hearings probably will be reopened next week after the White House conference.

The committee also desires more information about the disposition to be made of Germany's colonies, which, under the treaty terms, are to be turned over to the big five powers. Yesterday, by direction of the committee, Chairman Lodge wrote the president for enlightenment on the subject. Committee members contend that as the treaty stands the United States is left with a quarter-fifth interest in all the German overseas possessions.

NINE TO NINE MUCH DISCUSSED

Virtual Ultimatum of U. S. Chief Topic in Washington Circles.

WASHINGTON, Aug. 15.—The state department's latest note to Mexico, warning President Carranza that if he continues to refuse to accept a radical change in attitude toward this country, was the chief topic of interest and discussion in official diplomatic circles here.

The note, made public late yesterday along with a reply from the Mexican government, lacked only diplomatic technicalities to make it an ultimatum and was couched in probably the strongest language used in any communications between the two republics since the exchanges just prior to the occupation of Vera Cruz by American armed forces.

While no official statement was made concerning the announcement at this time in the change of policy and outwardly there was no apparent reason other than the continued mistreatment, robbery and murder of American citizens in Mexico, it generally was the opinion today that pressure from foreign governments and demand in congressional circles for some protective action hastened the announcement.

It was pointed out that should some drastic step become necessary the United States from a military point of view now is in better shape to act than at any time in its history of long-drawn-out controversy with the American nation as to American rights and privileges.

The note was presented to the Carranza government at Mexico City by Charles Summerlin, of the American embassy, acting in the absence of Ambassador Fletcher. The reply was made July 28 by Salvador Diego Fernandez, in charge of the department of foreign relations.

Coal Men Urging Probe Before Any Control Measures

WASHINGTON, Aug. 15.—Complete investigation of the coal industry before any attempt at federal control or regulation in the campaign against high costs of living was urged in resolutions adopted by the executive committee of the American Wholesale Coal Association.

"The coal trade," said the resolution, "is willing to present to the proper government body the cost of doing business and the cost of production of coal, and at the same time information to determine the investment at replacement cost in working capital, plant and equipment. Such information is necessary to the determination of a fair return on the investment and the fair return should be determined after allowing for costs of selling and other proper expenses which have not been taken care of in the margin allowed by the United States fuel administrator during the war."

The resolution asserted that through coal the markets of the world are opened, adding that the economic advancement and independence of the United States depended upon American coal being handled abroad by Americans.

"Any attempt," the resolution says, "to use American coal to hold a foreign market for foreign dealers and bankers should be opposed by all Americans."

STRIKING SHOPMEN VOTE TO RETURN

Action Taken at Chicago, Boston and Wilmington to End Walkout.

CHICAGO, Aug. 15.—Striking shopmen of the federal railway craft have decided to return to work tomorrow morning at 8 o'clock. It was announced today. The decision to call the strike was reached after a stormy nine-hour meeting which ended last night, but the hour for returning was not fixed being held to the international leaders to decide.

The strike was called on August 1 by the Chicago district council, which action was disapproved by the international officers.

BOSTON, Aug. 15.—The strike of shopmen and machinists on the Boston & Maine and Boston & Albany railroads, which began one week ago, was declared at an end last night at a meeting of the executive boards of the system federations and the men were ordered to return to work Saturday.

WILMINGTON, Aug. 15.—Three hundred strikers who had been out for two weeks yesterday voted to return to the local Atlantic Coast Line shops and today repair work on considerable equipment was resumed.

FORD AWARDED 6-CENT VERDICT

Jury After Ten Hours' Work Reaches Verdict in Libel Suit.

MOUNT CLEMENS, Mich., Aug. 15.—A jury last night awarded Henry Ford 6 cents damages against the Chicago Tribune for calling him an anarchist.

Gray Buellet, foreman of the jury, said the jury took five ballots that it could not reach a verdict. The first one, according to Leonard Meisel, another juror, standing 5 to 4 in favor of awarding Mr. Ford some damages.

Attorney Alfred J. Murphy, for Mr. Ford, said:

"The important issue in this case has been determined favorably to the plaintiff. He has been vindicated. Money damages are entirely subordinate and were not sought by Mr. Ford. He stands not only vindicated, but his attitude as an American citizen is better justified after a trial in which there was every issue against him which integrity and research could present. His friends are entirely satisfied."

Weymouth Kirkland, of counsel for the Tribune, said:

"We consider it a victory for the reason that Attorney Alfred Lucking, in closing for Mr. Ford, stated that anything less than substantial damages would be a defeat for his client."

The close of the great trial, which began three months ago, when the lawyers and spectators had about made up their minds that they were in for a night of waiting and watching with a mistrial as the probable outcome. The jury was out ten hours.

One juror stated later that for six hours the ballots stood 5 to 4 to give the plaintiff an award. Then two of the four joined the majority. The remaining two held out until nearly 5 o'clock, when they surrendered.

Mr. Ford was not in court. The Tribune was represented by Capt. Joseph Medill Patterson, one of the publishers.

The jurors were heard from four times during the day, twice for their meals, once for an additional instruction from Judge Tucker and once when they asked for the alleged libelous editorial, headed "Ford an Anarchist," on which the suit was based.

MISSISSIPPI WILL HAVE MENTAL HYGIENE SOCIETY

JACKSON, Miss., Aug. 15. (Sp.)—A Mississippi association for mental hygiene will be organized in this city Friday. The first meeting will be local in its nature, and the organization tentatively will be a state-wide organization will be perfected. The call for the first meeting was sent out by Dr. C. D. Mitchell, superintendent of the State Insane hospital.

The first object of the organization will be to fight for the establishment of a colony of the feeble-minded in the 1920 legislative session in January. Later it will attempt to better the condition of all subnormal and insane persons, and to teach preventive measures so that nervous and mental breakdowns may be avoided.

It will be affiliated with the National Society for Mental Hygiene, with headquarters in New York City.

EAST ST. LOUIS, Ill., Aug. 15.—Motors and conductors of the East St. Louis and Suburban Railway company and subsidiary lines went on strike today, tying up street car service here and in 13 nearby cities and towns.

STONE PARLIAMENT.

LUXEMBURG, Aug. 15.—Parliament buildings were stoned by a crowd of 500 workmen yesterday during a demonstration caused by the fact that the indemnity voted by the chamber of deputies met the high cost of living was deemed insufficient.

Worn Out In Mind and Body

Your child is quick to observe disturbances in your mental attitude or physical condition. And when he asks: "What's the matter Daddy?" there's a tone of solemn anxiety in his little voice. The depression stamped upon you reflects intensely upon him because of his profound solicitude. He at once drops his playthings and rushes to your side, but his happy smile has disappeared and his buoyant spirits are gone—replaced by a countenance of worry and a bearing of hopelessness.

You owe it to the happiness and welfare of your family to keep trim in body and keen in mind. You are the sun and the inspiration of their lives. Dark, threatening clouds hover over their heads the instant you show signs of being "out of sorts" or "under the weather." Don't imperil their future by neglecting your health.

Lyko

The Great General Tonic

will banish that "tired feeling" and dispel that worn-out look. It will renew your strength and vigor, overcome the wearing effects of overwork and worry, revive your spirits and increase your bold on life. Being a refreshing appetizer, a valuable aid to digestion and a worthy promoter of the general health, because of its positive revitalizing and reconstructive value, its use is especially desirable in cases of abnormal conditions. If you suffer from nervous exhaustion, muscular or mental fatigue, or deficiency of vital force due to general weakness or wasting illness, you'll find "LYKO" particularly beneficial. It tones up the entire system and keeps you feeling fit. Ask your druggist for a bottle today.

U. S. Offers Large Supply Of Army Blankets For Sale

WASHINGTON, Aug. 15.—The war department offered for sale to the public today its surplus supply of wool, cotton and mixed fabric blankets, of which approximately 2,000,000 are now available for the market under conditions which will insure a direct sale to the ultimate consumer.

It was announced that instead of restricting the sale to a limited number of blankets, as was originally planned, an individual may buy one or more blankets up to the limit of one bale. This change in the sale conditions was made in order to prevent the large buyer from "cornering the supply."

In addition to distributing the blankets between 16 designated sales centers, they will be made available to other communities through bulk sale to municipalities. The prices run from \$6 for new all-wool blankets to \$1.25 for recycled cotton blankets. The prices in bale lots are cheaper.

SOLDIERS WHO VOTE TO SHOW DISCHARGES

JACKSON, Miss., Aug. 15. (Sp.)—Discharged soldiers and sailors and marines who are not fully qualified for suffrage through registration and payment of poll tax for the past two years who desire to vote in the second primary on Aug. 26, will be required to carry their discharge certificates to the polling places.

This ruling was adopted by the Democratic state executive committee, and the requirement is also made that the discharged soldier, sailor or marine can vote only at the place of his bona fide residence, or where he has located to establish citizenship. Election officers are required to write on the back of the discharge certificate "Voted at precinct, Aug. 15, 1935." This precaution is taken to prevent repeating.

The Democratic state executive committee will meet in Jackson on Tuesday, Sept. 2, one week after the primary, to take action on the discharge certificate rule and decide whether to require the discharged soldier to file a statement of residence with the national convention, this will be the last meeting of the present state committee.
